

## The Future of Attack Surface Management Starts Here

### ThreatClarity™ Pricing Advantage

ThreatClarity™ offers unmatched value in the Attack Surface Management (ASM) space. Unlike traditional vendors, we include comprehensive features like subdomain scanning, compliance mapping, phishing simulation, and AI-guided remediation—all under a flat-rate model. Here's how we stack up against the market giants.

Feature / Service	ThreatClarity™	Nessus / Tenable	Qualys VMDR	Rapid7 InsightVM	Guardz
Single flat scan price	✓ \$399 CAD	✗ Multi-tier license	✗ Per-asset pricing	✗ Per-asset pricing	✗ Varies
Domains + subdomains scanning	✓ Included	✗ Limited or add-on	⚠ Limited enumeration	⚠ Partial	✗ Basic only
Compliance mapping (NIST, PCI, MITRE)	✓ In-built	✓ Limited to paid addons	✓ Standard	✓ Partial	✗ Few
Brand protection & lookalike detection	✓ Yes	✗ No	✗ No	✗ No	✓ Some
Phishing / dark web monitoring (roadmap)	✓ Soon	✗	✗	✗	✗
Retests included (30 & 90 days)	✓ Two retests (free)	✗ Not included	✗ Subscription only	✗ Paid extra	✗ Custom pricing
AI Chatbot remediation assistant	✓ UUID-based AI help built-in	✗	✗	✗	✗

White-labeled reporting for MSPs	✅ Fully supported	❌	✅ Enterprise	❌	✅ Some support
